

## ***Chapter 2 – Policy Requirements***

### ***A. IHFA Suspension Policy***

*The IHFA Suspension Policy has been revised to include four varying levels of suspension. Examples of each suspension level are given below. The list provided, however, is not intended to be comprehensive. Entities may be suspended for performance problems or other issues not listed as examples.*

IHFA will hold all responsible parties – award recipients, subrecipients, and administrators - accountable for grant and/or loan performance. IHFA, in its sole discretion, may suspend or disbar individual persons as well as organizations from participation in IHFA funding programs.

IHFA reserves the right to alter the specific terms of a suspension for reasons including, but not limited to, an award recipient's, subrecipient's, or administrator's response to concerns, past performance history, and IHFA objectives.

#### ***Level 1 Suspension***

Suspended from drawing funds and/or submitting applications until issue is resolved

- Staff recommendation – This could include, but is not limited to, a lack of performance on an existing award, entities unprepared for a compliance monitoring, or deficiencies noted during a review of required reporting.
- Any overdue IHFA required report including, but not limited to: Annual Rental Reports, or Trust Fund Beneficiary Reports. Reports will be considered overdue on the 10<sup>th</sup> calendar day following due date.
- An overdue monitoring response.
- Unresolved issues remaining after an award recipient's 2<sup>nd</sup> monitoring response.
- A property with code violations not corrected within the timeframe provided on the physical inspection report.
- A lapse in required builders risk or property insurance.
- An overdue loan payment. Payments will be considered overdue on the 10<sup>th</sup> calendar day following due date.
- Any overdue documentation required by IHFA.

#### ***Level 2 Suspension***

Suspended from drawing funds and/or submitting applications for up to 6 months

- Any Level 1 Suspension that has remained uncorrected for 3 months.
- An award recipient serving over income clients.
- An award recipient not meeting beneficiary income commitments.
- Any loan payment overdue from an organization for the second time within 2 years.

#### ***Level 3 Suspension***

Suspended from drawing funds and/or submitting applications for up to 5 years

- Any Level 2 Suspension that has remained uncorrected for 3 months.
- An award recipient with multiple compliance issues and/or repeated violations.
- An award recipient with egregious issues or that has committed negligent activities.
- Any loan payment overdue from an organization for third time within 2 years.

#### *Level 4 Suspension*

Permanent disbarment from all IHFA programs

- An award recipient that shows intentional disregard and violates IHFA and/or HUD regulations and policies.

#### ***B. Administrator Procurement***

Administrators of IHFA awards are often not identified on the Housing From Shelters to Homeownership applications that are submitted to IHFA. While this action is not a violation of IHFA policy, the action of intentionally excluding an administrator from an application because of the possibility that this entity will not pass the required threshold review but then procuring that same entity after an award is made is of concern. Additionally, neither applicants nor recipients may contract with a related party of an entity ineligible to participate in the funding cycle as a means of avoiding IHFA's threshold requirements.

Subsequently, when an award administrator is procured after an IHFA award is made, this entity must meet IHFA approval. IHFA will evaluate the administrator in the following areas:

- **Threshold Criteria #8:** *IHFA reserves the right to disqualify from funding any application where the applicant, subrecipient, administrator, preparer or any of their related parties has a history of disregarding the policies, procedures, or staff directives associated with administering any IHFA program or programs of other State, Federal, or affordable housing entities, such as, but not limited to the Indiana Department of Commerce, U.S. Department of Housing and Urban Development (HUD), U.S. Department of Agriculture - Rural Development, or Federal Home Loan Bank. This includes being on the IHFA suspension list.*
- **Threshold Criteria #7:** *If an applicant, subrecipient, administrator, application preparer, or any of their related parties submits more than one CDBG or HOME Housing from Shelters to Homeownership application for separate housing activities in a single funding round and the combined request exceeds \$1,500,000, none of the submissions will be reviewed. IHFA will review the applications and the request amounts from the funding round in which the procuring organization was funded. The organization that is requesting to be procured as an administrator must be within the \$1,500,000 cap for that particular funding round.*
- **Threshold Criteria #5:** *The applicant, subrecipient, and administrator must pass IHFA's performance evaluation of time elapsed versus funds drawn as of the application deadline for all non-expired HOME or CDBG Housing from Shelters to Homeownership or HOME/RHTC/Bond awards for which it serves as an applicant, subrecipient, or administrator. This is calculated by taking the percent of time that has expired on an award starting forty-five (45) days after the date of the IHFA award letter and subtracting the percent of funds that have been expended. Funds expended will only count if the draw request is received by IHFA by the application deadline. Only whole months that have expired will be counted. Good (<0%) and acceptable (0-15%) ratings will pass threshold. Applicants with a poor (16-30%) rating will be carefully reviewed to determine performance capability. Applicants with unacceptable (>30%) performance will fail threshold. A six-month grace period will be allowed for new awards (i.e., For 6*

*months after the board award date, awards will not be required to meet these same criteria).* This criteria will be evaluated the day that the procuring organization requests approval of an administrator by IHFA.

*A related party is defined as an entity that, either directly or indirectly, is wholly or partially owned or controlled by an applicant, subrecipient, administrator, or application preparer. And/or an entity in which an applicant, subrecipient, administrator, or application preparer has any financial interest.*

Enclosed is the form that should be filled out and submitted to your IHFA Allocation Analyst when requesting to procure an award administrator after an award has been funded. The form is also available on IHFA's website at [www.indianahousing.org](http://www.indianahousing.org).

The award recipient must receive IHFA approval prior to executing a contract with the administrator. Failing to receive approval may jeopardize receiving reimbursement for claims involving work conducted by the award administrator.

### ***C. 90-Day Rule***

IHFA requires that all construction contracts, professional service contracts, and purchase agreements must be executed at least 90-days prior to award expiration. If you foresee a situation where this requirement may need to be waived, please contact your Compliance Monitor.

*If at any time prior to monitoring IHFA has found that this rule has been violated, this would jeopardize IHFA funding in this development.*

### ***D. CDBG Public Hearings***

All recipients of CDBG funds, regardless of award type, are required to conduct at least one public hearing at program completion in order to obtain citizen comment. A legal notice must be published to announce the meeting with minutes from the hearing retained for review at monitoring. It is acceptable to conduct the hearing during any regularly held public meeting, such as a town council meeting, provided all other requirements are met.

### ***E. Leverage/Match***

Leverage for CDBG awards is 10% of the total award amount.

The HOME program requires a twenty-five percent (25%) match. However, match for HOME awards under the 2004 Housing From Shelters to Homeownership Application Package has been established as 10% of the award, minus any Environmental Review and/or Operating Costs. Any amount of match that exceeds the requirement is eligible to be banked for future use. The final monitoring letter and Exhibit A of the close out documentation will state the banked match amount that IHFA has determined as eligible banked match. Any organization, including not-for-profit, CHDO and local unit of government, is permitted to share match with another organization. Both organizations are required to complete the form found in Appendix I of the Application Package, which is then submitted with the award application. For information on acceptable forms of HOME and CDBG match, please contact your Compliance Monitor.

Match for Trust Fund awards is 5% of the total award amount.

### *Banked Match*

If the applicant is proposing to utilize banked match for this activity:

- And it is the applicant's own banked match, the match liability on the previous award for which the match was generated must already be met and documented with IHFA for the match to be eligible as of the application due date. Only HOME-eligible match generated on IHFA awards made in 1999 or later are eligible to be banked.
- Or, if it is another recipient's match, the applicant must provide an executed agreement with the application verifying that the recipient is willing to donate the match. A boilerplate agreement is found in the Appendices.
  - Only banked match from awards made in 1999 or later that have fully met their match liability is eligible to donate to another applicant. The award must be closed before the agreement to donate match is executed.
- Match cannot be sold or purchased and is provided purely at the discretion of the recipient that generated it.
- Banked leverage generated on a CDBG award cannot be used as match on a future HOME award. Only banked match generated on a HOME award can be used on a future HOME award.
